

# For Atmospheric Corrosion Resisting Steel

Product

AWS

JIS

KS

COVERED ARC

WELDING ELECTRODES

APPLICATION

KW-50G

E7016-G

DA5016W

DA5016W

Low hydrogen

type

Welding of 490N/Ÿ class high tensile strength weather-proof steels for vehicles, building and bridges.

KW-50V

E7016-G

DA5016G

DA5016G

Low hydrogen

type

Vertical-down welding of 490N/Ÿ class high tensile strength weather-proof steels for vehicles, building and bridges.

KW-60G

E8016-G

DA5816W

DA5816W

Low hydrogen

type

Welding of 590N/Ÿ class high tensile strength weather-proof steel for vehicles, bridges and other steel structures.

KW-50WH

-

DA5026W

DA5026W

Low hydrogen, iron powder

type

Flat and horizontal fillet welding of 490N/Ÿ class high tensile strength weather-proof steel for buildings, bridges and other steel structures.
